SAMPLE DROP OFF HAS BEEN MOVED TO ROOM A-426
(1300 York Avenue)

Opening hours: Monday-Thursday
10AM to 4PM

Please:

1. Sign in on the sample receiving notebook with today’s date, Agilent CrossLab service ID, sample total number and your initials.

2. If you didn’t bring a box, transfer your sample tubes to one of the red boxes provided.

3. Label the box on the top with your Agilent CrossLab service ID (EC-XX-XXXX), and make sure your sample tubes were labeled with both your Agilent CrossLab ID and sample number (1-100).

4. Put your sample box into the -20°C freezer next to the sink.

5. Please take your ice bucket with you and wipe down all surfaces after you are done.

6. Add a comment in Agilent CrossLab stating that you dropped off your samples.

7. Within 24 hrs, the Epigenomics core will review your submission. We will send an email to confirm samples are in our queue or whether we require further information from you.

If you need to wipe hands and/or surfaces, please use the SaniCloth wipes provided.
